

Danielle Ysabel Gaspar

Information Systems Sophomore | UI/UX Designer & Systems Analyst

imysa.gaspar@gmail.com | [linkedin.com/in/ysa-gaspar](https://www.linkedin.com/in/ysa-gaspar) | ysa-on-designs.github.io/ysa-studio | Pasig, PH

Preferred Name: Ysa

EDUCATION

De La Salle-College of Saint Benilde

BS Information Systems, Software Engineering

2024 – Present (Expected 2028)

Dean's Lister

CGPA: 3.343/4.000

SKILLS

Design & Prototyping

Figma wireframes, prototyping, & mockups

Technical

C#, C++, Python, SQL, Kotlin

Analytical & Operational

Systems Analysis, Requirements Gathering, Business Analysis, Process Mapping, Project Coordination, Google Workspace

Soft Skills

Cross-team Leadership, Stakeholder Communication, Team Coordination, Adaptability, Collaboration, Problem-Solving

WORKSHOPS / WEBINARS

Pre-Plan. Align. Collaborate.Lead

SMIT Student Organization Strategic Planning Session | Jun. 2026

Design Thinking Workshop

Practical Tools & Perspectives for Creative Problem-Solving | Mar. 2026

Globe Developers Conference

AI Integration, Cloud Computing, and Digital Innovation | Oct. 2025

PyLadiesCon 2025

International Mentorship | Dec. 2025

Applied AI: Practical Tools and Global Perspectives

Utah Valley University | Oct. 2025

PROFILE

Information Systems sophomore specializing in **UI/UX** and **Systems & Design Analysis**, translating requirements into **wireframes**, **process flows**, and **data diagrams** while aspiring toward **Network Engineering**. While building a practical portfolio in user experience, my goal is to pivot these analytical skills into **network infrastructure**. As a **proven operations leader** managing a five-department student organization, I bring **structural discipline** and **systemic thinking** into every design and system project.

LEADERSHIP & ACTIVITIES

Developers Society Benilde

Jan 2026 – Present

Chief Operations Officer

- Lead **cross-departmental** planning for org events on a 1–2 month timeline (2+ months for larger initiatives), keeping 5 departments aligned and on schedule.
- Submit post-**documentation** reports within 2 weeks of each event's conclusion, covering 6 events to date. Monitor department progress and escalate unresolved issues to the Organization President as needed.
- Coordinate with school administrators and the IS Department Chairperson as key **stakeholders** to promote events, reaching 200+ IS students directly and 1,000+ across the wider Benildean community.

Chief Operations Officer Understudy

Aug 2025 – Dec 2025

- Supported 3 study jam sessions during the leadership transition, gaining hands-on exposure to event coordination across 5 departments.
- Shadowed the Executive Board to learn the responsibilities and workflows of the Chief Operations Officer role.

Association of Information Management

Mar 2025 – Aug 2025

Internal Relations Associate

- Managed pre-event communications for 100+ recipients through email blasts, with post-event outreach scaled per event.
- Handled post-documentation reports and created email marketing materials for internal communications.

PROJECTS

MyAlaga: Pet Appointment Management Hub

Mar 2026

UI/UX Designer — Information Management

- Designed **10 mobile wireframes** and 6 desktop screens for a pet booking system, **optimizing complex multi-user scheduling workflows** across customer sign-up, service booking, and staff dashboards.

IponTayo: AI-Integrated Personal Finance App

Nov 2025

UI/UX Designer — Systems Analysis and Design

- Designed **5 high-fidelity mobile screens** for an AI personal finance app, **structuring complex logical data layouts** for net pay calculation, budgeting, and interactive goal-tracking interfaces.
- Successfully validated prototype usability** through structured walkthroughs with **5+ user peers and an academic stakeholder**, iteratively refining user flows to eliminate interaction friction.
